

Air 08X

2-way passive loudspeaker, 180 W AES, 122dB SPL

PROAUDIO®

Air series outdoor loudspeakers present superior performance and durability with full sound over a large listening area. Thanks to their elegant style and sturdy structure, they are the ideal speakers for listening to music in the pool, on the veranda or even in the boat. The adjustable mounting brackets supplied, allow to set up them vertically or horizontally, so as to integrate them perfectly into the surrounding environment. The IP46 / IP56 structure (depending on the model) is designed to withstand the rigours of the climate all year round due to the outdoor installation.
