

Astra Profile400

Indoor LED Moving Profile, with a 400W White source

ORDER CODE: **ASTRAPROFILE400**

The **Astra** Profile400 is a multi-purpose indoor LED profile moving light, with an ultra-high lumen efficiency, a punchy output, and stunning effects.

Its feature set includes framing shutters and an animation wheel, but it still has a small form factor and light weight, making the **Astra** Profile400 the perfect replacement for fixtures with a higher power consumption. Its light source delivers a pure white light emission at 7,000K, reaching 17.500 lumens whilst achieving a flat field beam projection.

The **Astra** Profile400's optical system moves linearly from 6,5° to 50°, and it's equipped with a brand-new 400W LED source. The extensive feature set of the Astra Profile400 includes a 4-layer motorized framing system, linear CMY and CTO, 5,600K high CRI filter, colour and gobo wheels, frost filters, prism and iris.
